

## Quarterly Fines Report 46 – Quarter 1 2020/21

An Official Statistics Publication for Scotland

### Impact of the COVID-19 pandemic on fines collection

In order to keep court staff and court users safe, guidance from Public Health Scotland was followed which means that counter services remain suspended. A helpline has been introduced to support customers to use the SCTS 24/7 telephone and online payments systems, whilst postal payments continue as normal. See SCTS news <http://www.scotcourts.gov.uk/> and Public Health Scotland's latest guidance for non-healthcare organisations [covid-19-guidance-for-non-healthcare-settings.pdf](#)

### Fines and financial penalties imposed or registered up to 30 June 2020, as at 19 Oct 2020

This report presents information on fines and other financial penalties as at 19 October 2020. The report covers the financial years 2017/18, 2018/19, 2019/20 and 2020/21 Q1.

### Three year collection rates

This Quarterly Fines Report series has employed a rolling three year collection rate for Sheriff Court fines since inception. Fines, by their nature, require time to pay and the latest full three year period contains older and newer fines thereby giving a more balanced view of collection rates. Three year rates have also been constructed for Justice of the Peace Court fines, Fiscal Direct penalties and Police Fixed penalties.

The tables and charts continue to show that Sheriff Court and JP Court fine types have a broadly comparable collection rate when the value of fines is examined but JP Court fines have a stronger collection rate than Sheriff Court fines when the number of fines paid is compared. Fiscal Direct penalties and Police Fixed penalties tend to be of low monetary value. Sheriff Court fines three year collection rates show no change (value of fines/penalties) but all types show improvement (number of fines/penalties) when the figures as at 20 July 2020 are compared with 19 October 2020.

3 Year collection rate - the Value paid or 'on track' as a percentage of the value to be paid for fines or penalties imposed between 2017/18 and 2019/20	as at 20 July 2020	as at 19 Oct 2020	Change
Sheriff Court Fines	86%	86%	 No Change
JP Court Fines	84%	85%	 1 percentage point
Fiscal Penalties	66%	68%	 2 percentage points
Police Fixed Penalties	75%	76%	 2 percentage points

3 Year collection rates - the number fully paid as a percentage of the number to be paid for fines or penalties imposed between 2017/18 and 2019/20	as at 20 July 2020	as at 19 Oct 2020	Change
Sheriff Court Fines	67%	71%	↑ 4 percentage points
JP Court Fines	76%	78%	↑ 2 percentage points
Fiscal Penalties	56%	59%	↑ 3 percentage points
Police Fixed Penalties	75%	76%	↑ 1 percentage point

### **Police Fixed Penalties Summary**

Police Fixed Penalties imposed between 1 April 2020 and 30 June 2020 (Q1) would normally be reported on in this edition of the Quarterly Fines Report but the impact of the pandemic means that Q1 collection rates for these penalties are distorted (showing as too high) therefore to preserve the statistical integrity of these Official Statistics, the Q1 figures have been removed from the workbook and replaced with a bespoke reporting period from 26<sup>th</sup> March to 31<sup>st</sup> August. This allows a national collection rate to be accurately reported within the report. Quarterly Fines Report 47 will show Q1-Q2 penalties in the normal way.

There has been significant media and policy interest in FPNs issued in relation to Coronavirus regulations so a development was undertaken to provide this bespoke period split into Covid and Non-Covid business. We will consider a further development to show this information by court in a future edition of this reporting series – time and money allowing.

For Police Fixed Penalties registered between 26 March 2020 and 31 August 2020, 28% of the value has been paid fully or is on track to be paid through instalments as at 19 October 2020. For this same period, the number fully paid is 35%. Further information on these penalties is available in the workbook.

For Police Fixed Penalties registered in 2019/20, 63% of the value has been paid as at 19 October 2020. This is an increase of 1 percentage point compared with 62% of the value paid as at 20 July 2020.

For Police Fixed Penalties registered in 2018/19, 73% of the value has been paid as at 19 October 2020. This is an increase of 1 percentage point compared with 72% of the value paid as at 20 July 2020.

For Police Fixed Penalties registered in 2017/18, 79% of the value has been paid as at 19 October 2020. This is an increase of 1 percentage point compared with 78% of the value paid as at 20 July 2020.

Of the number of Police Fixed Penalties registered in 2017/18, 82% have been fully paid as at 19 October 2020. This is an increase of 1 percentage point on the rate as at 20 July 2020.

## Victim Surcharge

A Victim Surcharge penalty was introduced by the Scottish Government at the end of 2019 on fines relating to offences committed on or after 25<sup>th</sup> November 2019. Collected monies in respect of the Victim Surcharge penalty will be passed to the Scottish Government at regular intervals.

It is intended that greater detail will be provided within this publication series about Victim Surcharge penalties when there is more complete data, but in the interim, the provisional cumulative collection rate is 73% of the Victim Surcharge penalty value paid and 69% of the number of penalties paid as at 19 October 2020.

## Enforcement Action

All outstanding fines and financial penalties for which SCTS is responsible are being pursued. Enhanced tracing facilities make it easier to use the full range of enforcement actions which include benefit deductions, freezing bank accounts, arresting wages and seizing cars. The information included in this report relates to financial penalties imposed or registered between **01 April 2017 and 30 June 2020**, with fines collection up to **19 October 2020**, although for some enforcement actions there may be a time lag between the enforcement action being applied and subsequent payments being received.

Other enforcement measures include using tracing facilities to ensure that defaulters are identified quickly and to speed up enforcement action. The tracing facilities provide information on aliases, employment history, bank accounts, and credit cards. Sheriff Officers also help to target persistent defaulters who are ignoring payment demands. Deducting payments from benefits is now an automated process and a new online payment facility is increasing electronic payments. All these measures ensure that offenders cannot avoid the penalty and are encouraged to make prompt payment.

### Summary of enforcement action (covering Sheriff Court fines, Justice of the Peace (JP) Court fines, Fiscal penalties and Police Fixed Penalties:

- At 19 October 2020, **180,072** enforcement orders had been granted by the courts (**6,656** of these granted within the 3 months prior to 19 October 2020). This is the initial step required to pursue enforcement action.
- Fines Enforcement Officers have agreed revised payment terms in **26,965** accounts (**2,526** of these were agreed within the 3 months prior to 19 October 2020), helping individuals maintain payments.
- **35,601** benefit deduction orders have been granted, and **8,393** earnings arrestment orders have been issued to date (**5,617** were granted and **207** issued respectively within the 3 months prior to 19 October 2020).
- **43,765** bank arrestment orders have been applied to date (**74** of these were applied within the 3 months prior to 19 October 2020).
- **1,104** Community Payback Orders have been issued as an alternative where people are unable to pay. (**none** of these were imposed within the 3 months prior to 19 October 2020).

## **Explanation of Enforcement Actions**

An Enforcement Order is an order made by the court setting out the payment rate of a fine, explaining what will happen if the fine isn't paid, and giving the Fines Enforcement Officer (FEO) the power to take action.

A Deduction from Benefits Order is an order made by the court which allows the Department of Work and Pensions (DWP) to deduct money from an offender's benefits and pay it directly towards their fine.

An Earnings Arrestment Order is an order made by the court instructing an employer to make regular deductions from an employee's wages which are paid directly towards the employee's fine.

Supervised Attendance Orders and Community Payback Orders are orders made by the Court for Sheriff or JP Court Fines as an alternative to imprisonment if the offender defaults in payment of their fine. The offender must attend a place of supervision and carry out instructions given by their Supervising Officer as part of a SAO or carry out other requirements, such as unpaid work, as specified by the Court as part of a CPO.

An Arrestment of Funds Order (Bank Arrestment) is an order issued by the Fines Enforcement Officer (FEO) to a bank or other financial institution instructing them to seize funds they hold which belong to a fines defaulter. The funds seized are subsequently released to the court and applied towards any outstanding fine.

## Notes on Value of Fines:

1. Figures include fines against both persons and companies. The figures relate to the value of fine accounts. An account may contain more than one fine if an offender receives more than one fine on a single day.
2. Includes Sheriff Court Fines, Compensation Orders and Confiscation Orders.
3. Includes JP Court Fines and Compensation Orders.
4. Includes Fiscal Fines, Fiscal Compensation Offers and the monetary amount of Fiscal Combined Offers.
5. Includes Police Antisocial Behavior Penalties. The Police Fines and those that, if unpaid, become Registered Fines. "Total Value to be paid" is consequently the sum of Police Fines paid (£40 each) and Registered Fines (£60 each), minus discharges. The payment percentages relate to proportions of "Total Value to be Paid". "Total Value to be Paid" and "Value Paid To Date" also sum payments received from both Police Fines and Registered Fines.
6. This figure is the total fines imposed minus any discharges. Fines may be discharged for a number of reasons. These include a sheriff or JP imposed alternative sentence, imprisonment or death of a defaulter. Discharges include both full discharges and fines which have been discharged following part-payment. The values of unpaid £40 Police Fines are discharged when they become £60 Registered Fines to avoid double counting.
7. Percentages are presented as a proportion of "Total Value to be Paid".
8. For all fines imposed after 01-April 2018 that are outwith the scope of the SCTS fines collection process or are statistical outliers have been removed. These exclusions are:
  - All Confiscation Order Fine accounts
  - Large Fines over £50k
  - European Union fines collected on behalf of other European courts.
  - Non-Scottish fines collected on behalf of other British courts.
  - Compensation penalties managed under Community Payback Orders.
9. Bespoke reporting period from 26th March to 31st August.

Other notes: Values and percentages may not add up to their constituent subtotals and totals due to rounding.

Values of £0.0m in the table denote values of less than £50,000 that have been rounded down.

Please refer to the **data tables** linked on page 12 for the expanded detail at court level.

## **Background**

This is the latest in a series of quarterly reports on fines collection. Previous quarterly reports can be viewed within the 'Statistics' section of webpage <http://www.scotcourts.gov.uk/official-statistics>

## **Revisions and corrections**

In QFR 45, 'Enforcement Orders granted' was overstated by 3,328. 'Revised Payment Terms agreed' was overstated by 318. These figures have now been corrected for QFR 46.

## **Fines Collection Process**

The Scottish Courts and Tribunals Service (SCTS) is responsible for collecting Sheriff Court Fines, Justice of the Peace Court Fines, Fiscal penalties and Fixed Penalty Notices.

Court imposed fines are either due for payment immediately or by agreed terms at the point of imposition. The majority of fines imposed include an enforcement order which tells the offender how the fine should be paid and what will happen if it is not paid. The enforcement order allows the Fines Enforcement Officer to implement a range of sanctions including deduction from benefit, arrestment of earnings and bank accounts and seizure of vehicles.

Fiscal direct penalties are issued by the Crown Office and Procurator Fiscal Service (COPFS), in the form of a conditional offer. The alleged offender may refuse the offer within 28 days in recognition that prosecution will be the next likely stage. Alternatively, the alleged offender can accept the offer by making payment. If the conditional offer is ignored and payment not made, the responsibility for enforcement passes to the SCTS Fines Enforcement Officer, who will seek an enforcement order from the court.

Fixed Penalty Notices are issued by each police force in Scotland and the money is due within 28 days and is collected by the SCTS. If the penalty is not paid within 28 days, the amount due is increased by 50 per cent and the penalty is converted to a registered fine with responsibility for enforcement passing to the SCTS Fines Enforcement Officers, who will seek an enforcement order from the court. Figures for value and number of Police Fixed Penalty Notices paid therefore include both payments made to original police fines and payments made to registered fines.

Money collected by the SCTS for criminalised parking fines is subject to different procedures and is not covered in this publication.

## Guidance on definitions and data

The data source is a management information data extract from COP2 (the SCTS operational system used in all Sheriff and Justice of the Peace Courts).

Data may subsequently change over time due to additions or modifications to cases on COP2.

The 'as at' date used throughout the report is the date the fines data is extracted and used to calculate totals for arrears, payments and discharges made, etc.

Figures on fines and other financial penalties are presented on a three financial-year basis to reflect payment cycles and enforcement action taken. This recognises that penalties are levied throughout each year and that arranged instalment payments or enforcement action can mean some may take two or more financial years to be fully paid.

Payment rates for recent years will therefore initially be lower than those for previous years. Estimates of in-year payment figures indicate a broadly consistent collection pattern over time.

Collection rates for Police Fixed Penalties cover both payments for the Police Fixed Penalty within the initial 28 day period and payments made once the unpaid Fixed Penalty becomes a registered fine with a value 50% higher than the original fixed penalty. Registered fines are enforced by the SCTS.

Explanation of categories used in this report:

<b>Value of Fines Imposed</b>	The value of fines imposed within the periods specified.
<b>Value Discharged</b>	This is the value of fines which have been discharged (the value which is <u>not</u> now payable). This can arise in a variety of ways for example where a fine is discharged by a subsequent penalty of a Supervised Attendance Order or Imprisonment, or where the accused dies. Also for Fiscal Penalties it covers instances where the Fiscal Penalty is refused, recalled or withdrawn.
<b>Total Value to be Paid</b>	This is the total value of fines imposed minus the value discharged, and so is the total value of fines which are payable.
<b>Value of Fines Paid to Date</b>	This is the total amount which has been paid to date, and will relate to both fully-paid and part-paid fines.
<b>Value with Payments On Track</b>	This is the total amount which has not been paid as yet, but for which future instalments are on track to be paid (the fine is not in arrears).
<b>Value in Arrears</b>	This is the total amount which has not been paid as yet and for which the fine is in arrears. A fine is in arrears if a payment date has been missed.
<b>Number of Fines Imposed</b>	The number of fines imposed within the periods specified after any court discharges have been deducted.
<b>Number Discharged</b>	This is the number of fines which have been discharged (i.e. the fine is <u>not</u> now payable). This can arise in a variety of ways, for example where a fine is discharged by a subsequent penalty of a Supervised Attendance Order or Imprisonment, or where the accused dies. Also, for Fiscal Penalties, it covers instances where the Fiscal Penalty is refused, recalled or withdrawn.
<b>Number to be Paid</b>	This is the total number of fines imposed minus the number discharged, and so is the total number of fines which are payable.
<b>Number Fully Paid</b>	This is the number of fines which have been fully paid.
<b>Number With Payments On Track</b>	This is the number of fines which are being paid in instalments and are not in arrears.
<b>Number With Payments In Arrears</b>	This is the number of fines which are being paid in instalments and are currently in arrears.
<b>Number With No Payments Received</b>	This is the number of fines which have had no payment received and are currently in arrears.

Notes: The 'value' categories do not directly correspond to the 'number' categories. This is because a single fine can have a portion of its value which has been paid and a portion which has not. In this instance, the values would be split between two value categories, however, the fine itself would only be counted once within a number category.

The discharge categories cover situations where there has been no payment prior to discharge, and also instances where there has been a part-payment prior to discharge.
